## **Shee Atiká, Inc. Establishes New Information Technology Subsidiary in Montgomery, AL: Alaska Northstar Resources, LLC**

Sitka, AK and Montgomery, AL – Shee Atiká, Inc. (SAI) announces the formation of its newest wholly owned subsidiary, Alaska Northstar Resources, LLC (ANR), based in Montgomery, AL. ANR specializes in Cybersecurity, Enterprise Architecture, Data Management, Business Analysis, and Networking Services, and will pursue related contracts issued by the Department of Defense (DoD) and other U.S. Government Agencies. ANR is an Alaska Native Company (ANC) duly certified by the Small Business Administration (SBA) as an 8(a) participant and as a small disadvantaged business (SDB). Mr. Tim Castro, a long-time resident of Montgomery, is the President of ANR. Mr. Castro has an extensive background in Information Technology (IT) and was previously the Chief Operating Officer and co-founder of eSolution Architects, Inc.

“We’re excited to open our newest division, offering specialized IT services in the federal marketplace” said Ken Cameron, SAI’s President and CEO. “We believe ANR will quickly establish itself as an industry leader and provide a significant return for SAI shareholders.”

The unique nature of ANR’s SBA designations combined with its specialized IT expertise, enable Government Contracting Officers to issue significant direct awards to ANR that streamline the contracting process and save time and money.

### **ABOUT SHEE ATIKÁ, INC.**

Shee Atiká, Inc. (SAI) is an urban corporation organized pursuant to the Alaska Native Claims Settlement Act (ANCSA), as amended. SAI is based in Sitka, AK.
